Bathroom and Kitchen Tiling

10 / 10

Paul tiled our bathroom and kitchen to a high standard and dealt with unforeseen extras such as plasterboard wall repair without any drama. His attention to detail were commendable and we especially liked his efforts to keep our home clean. This even extended to protecting our stair carpet which in all my years using tradesmen I have never seen. Its refreshing to see someone take as much care over not disrupting your home as they do to completing the work, Would not hesitate to recommend him **Customer in Southsea, 20 December 2011**

Tiled the extension part of kitchen/diner to link in with original tiling

Paul was employed via our builder. He arrived when he said (we were away when he started) and finished when he said. Works hard and steadily and left the place at the end of the first day clean and tidy. Would definitely use him again **Customer in Emsworth, 4 November 2011**

Walls and floor of ensuite shower room and kitchen floor

Paul impressed me sufficiently when he came to give me a quote that I asked him to do the work, even though his was the highest price of the quotes received. I was delighted with his workmanship and with his general manner and attitude. I have no reservation in recommending him highly. **Customer in Canfield, 30 October 2011**
