Most Recent Customer Feedback

Repairs to boiler

9.5 / 10

Checked the boiler, found the faulty valve. Obtained a new valve and fitted it. **Customer in Brighton, 9 January 2012**

New Bathroom

10 / 10

Paul completed a new bathroom for us - he ripped out the old one, plastered the walls and ceilings, did all the tiling, put in spotlights and an extractor fan and installed all the bathroom furniture. He took extreme care over the whole process and we are delighted with the end result. We would definitely use Paul again - we're very pleased to have found someone we trust to be able to recommend to others. **Customer in Hove, 13 December 2011**

Replaced central heating system

10 / 10

Very conscientiously done. **Customer in Brighton, 15 September 2011**

Repaired faulty gas valve and other electrical component of gas boiler

10 / 10

I would not hesitate to recommend Paul. Transco had shut off my gas suggesting there could be a leak in the pipe anywhere between the metre in the garage and the house which could be very expensive to fix. However, Paul quickly identified the problem and repaired it for a very reasonable price. He is courteous, reliable and most importantly honest. If you have a gas problem call this man. **Customer in Brighton, 2 September 2011**

Fixed and serviced our boiler

9 / 10

We were very impressed with how helpful Paul was. **Customer in Brighton, 1 March 2011**
