16 Solar panels fitted to an old and inaccessible roof 10 / 10
The team were extremely efficient, helpful and polite, in short a pleasure to have them on site. The original site visit was promptly arranged, the estimate submitted without delay, and once we had decided to go ahead , all the complex paperwork was executed efficiently. We were guided through a complex process very professionally, particularly as everyone was working to a tight deadline. Well done James and team. **Customer in Hook, 30 March 2012**

Installation of 4kWp Solar PV panels 10 / 10
The Paarl Energy team were faultless from my first contact on the strength of a recommendation, through completing the paperwork, and during the installation itself. The installation team worked fast and effectively, and did a first-rate, professional job. They answered all my questions whilst working, were polite but friendly, and gave a comprehensive explanation of the system when complete. Would recommend without hesitation. **Customer in Bracknell, 1 March 2012**
