Exterior painting to front of house, masonry and wood

I was well pleased with the workmanship from this company, the quote was one of the best that I had, they were punctual each morning, and kept me informed of what was going on at all times, they were clean and respectful of my neighbours, in fact in the end they did more than I was expecting, i.E. Replacing some broken tiles, removing old wiring etc, I would recommend this company to anyone, once again my thanks go to Chris and his mate for a wonderful job . **Customer in , 12 March 2012**

Painting of house exterior

I had four quotes and Paintworks was by far the most reasonable; yet the work listed to be undertaken was the same as in the more expensive quotes. Cannot fault Paintworks. Reliable, polite, punctual, hardworking, honest, helpful - wish I had found them years ago! I would recommend Christian without hesitation. If I need more help with decorating I won't bother to contact any other company. All the best Christian (and Tom) and many thanks for a superb job. **Customer in Worthing, 18 May 2011**

Chris and Tom did an excellent job, for a very reasonable price. They are really nice guys and I am happy to recommend them. In fact, they are so good, I want them to do some more work for me. **Customer in Littlehampton, 10 May 2011**
