Replacement of Fence

10 / 10

Our fence had collapsed with the strong winds. I phoned the company and John came out the same day to give me a quotation. John and his team arrived on time, replaced the fence with better quality fencing and cleaned the whole area once the work was completed. They also took the broken fencing with them once they left. They were extremely courteous and well mannered. Their quote was the same as the two other quotes I had obtained from different companies. I am extremely happy with the work they had done **Customer in Staines, 20 January 2012**

Large quantity of private fencing plus two sets of wooden gates.

I would recommend this company. **Customer in Windsor, 12 August 2011**

Paving for car park area outside house

9.8 / 10

Work completed to a high standard. This company does not skimp with either its materials or work practices. Prepared the site extremely well, digging out generously and planning the design to take account of the main path and causeway. They are resourceful when problems occur - our drain covers were non standard and required an individual solution to accommodate them into the design. They took time and trouble over the finishing touches and worked extremely hard and quickly. **Customer in Richmond, 11 August 2011**
