#### Replaced condensing boiler

10 / 10

Once I accepted their written quote the boiler was fitted the next day! The guys had a to overcome a problem caused due to the way the old boiler was installed, so it took longer than expected. No complaints from them, they just got on and completed the work to a high standard. Asked for valves on several radiators to be changed (additional to quote), work was done there and then and a new written quote supplied the same day. Very impressed with Patterson Heating. Will be using them again in the future. **Customer in Horsham, 5 April 2012**

#### New main of pipe for the gas.
