Efficient and knowledgeable. **Customer in Worthing, 6 February 2012**

Fixed video sound problem, and set up my Weather-station software

10 / 10

Andy did an excellent job of sorting out my Camcorder to PC audio problem. I tried for weeks to transfer video cassettes to the PC for burning to DVD, but just could not get it to work! Andy sorted it all out, and I am delighted with that. He also sorted out my Weather Station software, which again I did not understand how to do. Very prompt and efficient service - Thank you. **Customer in Littlehampton, 11 January 2012**

Setup laptop and wireless router

10 / 10

Andy helped setup a laptop for our daughters 21st birthday, alot of complications with wireless network which Andy discovered to be our old router, he installed a new one after recommending us which one to buy and now we have an excellent home computing experience. We would highly recommend Andy as he helped us through this difficult time and on occasions even did some of the work for free in his own time. **Customer in Worthing, 23 December 2011**
