Most Recent Customer Feedback

House Electrical Inspection

10 / 10

Paul performed an electrical investigation on an investment property. It turned out to be quite difficult, with the vendors on site. However he was completely professional and totally thorough, giving us a detailed report of his findings and was honest and upfront with the vendors. I would not hesitate to recommend, Paul to anyone **Customer in Henfield, 22 May 2012**

Cooker installation

Small job but appreciate the care and attention. Paul is definitely my new local electrician of choice. **Customer in Hassocks, 10 April 2012**

Fitted new fuse board, wired new extention and on suite, outside lighting and powerpoints as well as extensive number of powerpoint to new kitchenand utility area and installed underfloor heating

Paul has done a great deal of work for us on our extention and we are very pleased with the results. He always discussed our needs first and made every effort to do everything we asked. He worked neatly and was tidily but most importantly he is very safety conscious. We would definitely recommend him. **Customer in Brighton, 8 April 2012**
