Most Recent Customer Feedback

Kitchen light rewire

10 / 10

A very neat and quick installation

Ross is very personable and communicates well so you understand what is going on. **Customer in Godalming, 30 April 2012**

New consumer unit added, property checked for electrical certification, new bathroom light fitted 9.8 / 10

Ross was very professional and efficient, didn't charge for multiple quotes and is going to come back free of charge to explain a few bits and pieces. Only very minor issue was that the bathroom light didn't actually work (lightbulb not fitted so he couldn't be sure of this, but he said he had checked the circuit etc-resolved very quickly with an extra visit at no further charge)

Overall excellent service, highly recommend Ross as a friendly and professional tradesman. **Customer in Godalming, 30 April 2012**

Installation of replacement consumer unit and extra sockets, Sinking/moving of sockets and switches and replacement of ceiling lights.

10 / 10

Ross is friendly, polite and trustworthy - left him to work in our house with no concerns at all. He quickly understood our requirements and the work was completed exactly as promised with minimum mess. Arrived on time, finished on time, charges were as per the estimate - would definitely recommend him to others and if we need further electrical work, he'll be the first person we call. **Customer in Windsor, 19 April 2012**

Troubleshooting several faulty power sockets

10 / 10

Arrived on time, worked efficiently through the problems, got everything working, spotted and fixed a couple of unreported problems too. Left all neat and tidy and was able to return very quickly to follow up a recurrence of the problem. Good job, would definitely use again. **Customer in Guildford, 5 April 2012**

A bunch of small repairs

10 / 10

Ross undertook a variety of fairly basic repairs including sorting out some problems. He was thorough and made sure that an earth was connected for a ceiling lamp which was previously unearthed. He also (unasked) checked the earthing on the gas meter! He returned a week later to undertake some new work installing extra ceiling spots. His work was exemplary. **Customer in Guildford, 16 March 2012**
