Boiler fan replaced

10 / 10

Boiler ceased to work on New Year's Day. Phoned Kevin on the 3rd at 8:45am, describing the 'symptoms' and he was round at my house by 9:15am. All done and dusted by 10:30am! Although I wasn't there personally, my dad was and was very impressed with the level of service. We will both be using Pipetec in the future and will not hesitate to recommend them to friends and family. **Customer in Worthing, 3 January 2012**
