Fixed central heating valve 10 / 10
Nigel responded to my phone message within a couple of hours, attempted to troubleshoot the problem over the phone then came straight round. Despite being about to go on holiday he arranged for the problem to be fixed within a couple of days. Have already recommended him to friends, It's unusual to find someone willing to put themselves out for a customer. **Customer in Poole, 30 March 2012**

Identify problem with shower pump in loft. Repair and test. 10 / 10
Our two showers were playing up. Poole Gas Care identified leaking pump in loft. They liaised with pump manufacturer and requested spare parts. These were received within 2 days. A short while later the pump was repaired and working normally. The chip-board base was also replaced as this had rotted completely. This proved that the problem had been constant for a year or so. Had the problem not been identified the joists in the roof would have rotted too. A job well done! **Customer in Poole, 9 February 2012**
