#### Replace existing boiler with new combi and relocate, replace all radiators, provide additional radiator and replace existing shower with new 10 / 10

All the work was carried out to an extremely high standard and neither the quote nor the predicted time scale were exceeded. Mark and Adam were both extremely polite and courteous and made every effort to work around our family at all times. The tradesmen they brought in, ie roofer and electrician, carried out their work to the same high standard and I would have no hesitation in recommending Poole Heating Ltd to any of my friends or using them again if the need arises.
