Scaffolding erected on front of house in Belle Vue Gardens

10 / 10

The company was fantastic. I phoned them for a quote and they came to visit on the same day. I was given a quote and hands were shaken. They charged exactly what was quoted and no more. The scaffolding was put up two days later as agreed and with no fuss. The lads left no mess at the start and no mess at the end. The scaffolding was taken down the following day after calling to have it removed at the end of the refurb, efficiently and without fuss. They gave us the option of paying by cash or cheque on the spot or by invoice. They even painted the spots where the scaffolding poles touched the walls, so that there would be no odd places that were unpainted. A superb service from start to finish and I have no hesitation in recommending this company to anyone. Good, honest tradesmen. **Customer in Brighton, 2 February 2012**

Two-tier scaffolding erected on front of home.

10 / 10

I found Prodger and Sons on Checkatrade.Com and selected them due to the high satisfaction rating on the website and customer remarks. I was not disappointed. I phoned them on Tuesday 3rd January, my home was attended on the same day and a quote supplied (verbally). I engaged them on-the-spot and the scaffolding was erected two days later and within one hour! An invoice was written on-the-spot and the quote was as promised previously. The tradesmen were efficient, polite and great care was taken on and around my property. They erected the scaffolding in strong winds.

The quote was also less than I had expected. Everything went so smoothly, I can hardly believe they were even here, had it not been for the scaffolding as a reminder. I intend to leave a further review for when the scaffolding is taken down, but I do not expect my satisfaction to be diminished. I highly recommend this company. **Customer in Brighton, 5 January 2012**

Paid the guys before setting off for work. When I returned, scaffolding was in place exactly as requested. After I had completed the guttering, I called the guys to remove the scaffolding, which was removed within 48 hours. Recommend all the way. **Customer in Brighton, 24 August 2011**
