Complete office electrical rewire

10 / 10

Steve and his team turned up when they said they would. Finished the job when they said they would and charged the price they said they would. I can't fault the service. **Customer in Feltham, 4 June 2011**

New wiring to 2 x flats and office below

10 / 10

All new wiring to 2 x flats, including new main supplies and office area below, work carried out to usual high standards, on time and on budget. **Customer in london, 14 April 2011**

Adding power points, new consumer units, providing certificates

8.8 / 10

I have used Steve to work on three of my rental properties and I have always been very happy with the work he's done. I trust him implicitly to do the work properly and to the necessary standards a landlord requires. Steve explains every job so that you don't feel you are blind to what he's doing but rather are aware of the changes he is making and why they are

being made. I would have no qualms about recommending him to anyone and will continue to rely on Steve for any electrical work I will need help with in the future. **Customer in Surbiton, 9 April 2011**
