Most Recent Customer Feedback

New Central Heating System

10 / 10

I would definitely recommend Phil. We had an old and very inefficient system that needed to be replaced. Phil advised us on which boiler would work best for the property and agreed to move it from one side of the house to the other. I changed my mind on radiator style and Phil sorted it out without a groan! Quicker than we imagined we had a whole new heating system in place and warmth at last! Phil is coming back to install a new bathroom and cloakroom suite, we are happy to wait. So full marks for accurate costing, good timekeeping, a pleasure to have around and excellent quality of work. **Customer in Guildford, 3 March 2012**

Carried out gas works

10 / 10

So glad I contacted Phillip, he started when he said he would Charged fair price, an did an excellent job, would certainly use again. **Customer in Woking, 10 February 2012**

Replaced Leaking Bath Taps and Bathroom Light

10 / 10

Very professional. Excellent quality of work carried out. I would highly recommend to anyone. **Customer in Woking, 27 December 2011**

Plumbed, installed and tiled new shower room

10 / 10

I wouldn't hesitate to recommend Phil. Firstly, you couldn't ask for a nicer chap to work in your house and we were quite happy to leave him to it while we were at work. He liaised with the builder and electrician and adjusted his schedule to suit; was clean and tidy; did a great job with the tiling, which was both floor and walls (floor to ceiling); and all at a very reasonable price. We are very happy with the result and will definitely use Phil again. **Customer in Guildford, 17 December 2011**

Replaced shower

9.3 / 10

Contractor was friendly and courteous and he charged me less than he quoted originally for the new shower. He did a very good job though was always a little behind the time he said he'd turn up. **Customer in Godalming, 28 November 2011**

Reply from Trader:In response to the comment on timing, The day I went to look at the job I had somehow written the wrong house number down and there was no response at the wrong house, having made contact with the right person I returned later that day to see the job. On the day I was due to change the shower I was still in the middle of a bathroom installation in which the customer went to work at 9am meaning I had to go there first to get in and pick up a key. I decided it best to phone the shower job to say I would be late and we made arrangements for later in the morning as they was working from home all day so no problem.I always give a personal service and don't employ others to do the job, this means that sometimes being on time does not always happen.
