Most Recent Customer Feedback

Make driveway from garden and drop pavement.

10 / 10

Dixcey's did an excellent job for me. They were punctual, tidy and even allowed minor adjustments to the work to suit my requirements without extra charge. They kept me in formed of progress every step of the way and left the site spotless at the finish

Very, very pleased. **Customer in Newport, 7 February 2012**

70ft close boarded fence

10 / 10

The fence is excellent and not a single plant was damaged in the process nor did I have to prepare anything beforehand! I wholeheartedly recommend Richard Dixcey and his workers to anyone thinking of employing them. Mr Dixcey is a pleasure to do business with, a man of his word. **Customer in Ventnor, 11 January 2012**

Driveway and front garden landscaped

10 / 10

We had an old path removed and a driveway and parking area created using tumble blocks. Turf was laid and new shrubs planted amongst existing plants. The finished product is fantastic, we are so pleased with it and it has really enhanced the overall look of the property. Richards attention to detail was excellent and he worked with us every step of the way. The team worked really quickly and finished the work much quicker than we thought. We would have no hesitation in recommending Dixceys to anyone. **Customer in Sandown, 29 November 2011**

Two long close boarded fences

10 / 10

I was so impressed with the whole service experience and couldn't praise the guys who did the actual fencing work highly enough. Being away on business while the work was done was a worry, but everything was cleared up, all that was agreed was completed and after service outstanding. I would highly recommend using this company again. **Customer in Sandown, 24 November 2011**

Driveway and Drop-Curb

10 / 10

They were fast and efficient, always on time, and I am happy with the end result. Nice bunch of lads. **Customer in Ryde, 17 November 2011**
