1st floor extension over flat roofed area

10 / 10

Stage 1 of Project: This is the first update on the work completed so far we are 3 weeks into the project. The work has progressed rapidly and Richard and his team have been friendly, helpful and there has always been good communication on the work being completed. They did not breakthrough into the main house until they absolutely needed to and then have been very good in keeping the mess to a minimum clearing up every day when they finish. We will be able to tell better when the project is completed but so far the work has been completed professionally and they clearly know what they are doing. We are very pleased so far and we are really looking forward to getting the windows in. **Customer in Caterham, 12 March 2012**

Bathroom

10 / 10

Richard has worked on our last house over fifteen years and now we have moved he has refitted our bathroom. It is the fourth bathroom he has completely refurbished for us and as always we are delighted with the results. He always turns up when he says he will and because he has a lot of experience makes some good suggestions to improve the end result. **Customer in South Croydon, 6 March 2012**

Emergency plumbing work

10 / 10

Had an emergency plumbing leak in the lounge. Called Richard who came out the same day, he temporary fixed it that day and has returned to complete the job. Richard has kept in communication to make sure all is okay and has given good advice. Always reliable, he's been very helpful, knowledgeable and tidy. Cannot fault him. Would recommend him. **Customer in Caterham, 5 March 2012**

Rear Extension - Complete!

10 / 10

This is a continuation of my earlier comments. Richard has now completed all of the following on our property - Extension, plaster house throughout, bathroom install, downstairs wc install and several other small jobs. I really can't

thank Richard enough. Everything has been delivered on time, on price and to the highest standard and it is always easy to discuss any aspect of the work with him. He has been exceptionally helpful throughout, both on the work he is doing and the work I'm doing at the same time. For example, he was more than happy to give me advice and guidance as I tried to do my first kitchen install. This really was appreciated and so incredibly useful. If anyone wants to come round and have a look at his work, please just get my number from him, more than happy to show you round. **Customer in Caterham, 17 January 2012**

Emergency plumbing work

10 / 10

We called Richard after a faulty shower had flooded our bathroom and we were now without running water. He gave us great advice over the phone then came over soon after to sort it out, and has come back on two subsequent visits to sort out a couple of further problems. Always reliable, and great to know we had someone we could trust in an emergency. I would highly recommend Richard. **Customer in Warlingham, 6 January 2012**
