Complete refit main bathroom, en suite and cloakroom

10 / 10

We're delighted with our new bathrooms; Richard has done a fantastic job, removing all old fittings, flooring and tiles, finishing the new installation to an extremely high standard, with great attention to detail and quicker than expected. Always arrived on time and very tidy, no problem leaving him a key to work when we weren't around. He recommended an excellent carpenter and carpet fitter, and his team of tilers, electrician and other workmen were all also efficient, tidy and a pleasure to have working in the house. A good price and wouldn't hesitate to recommend him and his team.

Two bathrooms completely stripped and re-fitted; first bathroom re-fitted as shower room

10 / 10

Both bathrooms were re-fitted to the highest standards and are amazing. The re-fit of the family bathroom to shower room was a total transformation and has the 'wow' factor. Richard works really hard and is considerate and always willing to give advice. His teams also work to a very high standard and it all came together seamlessly. Pricing was competitive. Above all, he provided great service and reliability unlike some others I contacted (check-a-trade registered!!) who didn't turn up or get back to me when they said they would. I would recommend Richard every time.

Fitted cloakroom basin and plumbed in new kitchen sink

10 / 10

Richard previously plumbed our utility room, fitting sink and units and we were so pleased with his work that we have had him back to do more (we never got round to completing the checkatrade feedback!). As before, the work was completed quickly and efficiently and we would not hesitate to recommend him. **Customer in Eastleigh, 19 April 2012**
