### Most Recent Customer Feedback

#### Fixed leaking pump, reset boiler

10 / 10

Rob arrived very promptly and sorted out our issues really quickly. He also checked something else while he was here to put our minds at rest, which was really good. Chose company as was part of Safer Sutton campaign and because of feedback here, will definitely be using this company again. **Customer in Carshalton, 11 February 2012**

#### Installation of new boiler

10 / 10

Rob and Max arrived promptly at the time stated and did a sterling job of replacing my old boiler with a new combi boiler which they recommended. The job was very thorough, professional and of good quality. They made sure the place was neat and tidy afterwards and the price they charged was the price they quoted me. I would definitely recommend them and would consider using them again for any future work. **Customer in Wallington, 9 February 2012**

#### New boiler fitted

10 / 10

Rob and Max had great time keeping, advised exactly what needed doing, were very professional and courteous. Quoted a price and stuck to it, despite having to dismantle part of cupboards to access pipes. Boiler was fitted very well and quickly. Would most definitely recommend them and will use them again in future, hopefully when having kitchen redone. Also their service was fantastic, after I inadvertently switched boiler to a heat mode only and switched off the hot water, he was with me within 30 mins of calling at 7am to sort problem out which was of my own stupidity, that is service you rarely get these days. I am so happy to have found good honest, reliable tradesmen that don't cut corners, and thoroughly recommend them. Thank you very much guys and I promise I won't fiddle with the settings again. **Customer in Purley, 9 February 2012**

I called them in the morning and they said they would turn up within the hour and they did just that. They charged less than expected and did a good job. **Customer in Croydon, 10 August 2011**
