Replaced and upgraded manhole cover in garage 10 / 10
RWC rebuilt the concrete floor around an old manhole in our garage which had seriously disintegrated, they replaced the manhole cover with one which is strong enough to support the weight of my car. They arrived on time, were very nice people and left no mess. Six months on and we are still very pleased with the work and would highly recommend them and will be calling on their services again. Thank you
