### Most Recent Customer Feedback

#### Dishwasher repair

10 / 10

I was told that someone from Range Appliances would arrive between 9am and 1pm so I was delighted when their representative arrived at 9.40am and saved me waiting in all morning. The problem with my dishwasher was quickly diagnosed and as the parts were readily available, my dishwasher was fixed within the hour at what we felt was a reasonable cost. I was also given some very useful advice about maintenance. I will certainly call Range Appliances should I have a problem in the future. **Customer in Shoreham-by-Sea, 18 January 2012**
