A very professional job and we are thrilled with the results. **Customer in Surbiton, 11 March 2012**

New Roof, new Porch Roof and repairs to a flat roof... 10 / 10

Joe and the team from Regional Roofing have just completed work on a New Roof, new Porch Roof and undertaken repairs to a flat roof. Myself and my neighbour had work done at the same time and are both delighted with the results. Joe's team are neat and tidy, considerate, polite and professional. The work they have completed is stunning - myself and my neighbour's houses form a corner block so we are able to view the work in it's entirety from the street. I also have a loft conversion with Velux windows and patio doors on both sides so can see the work and it's quality up close. Joe used great looking large dark slate tiles and both my neighbour and I opted for Lead finishing at the edges which really is the icing on the cake and worth the extra cost. As well as the quoted roof work Joe's team undertook repairs to a my flat roof with no extra cost and have even guaranteed it! The team really went the extra mile for us encountering a number of serious issues along the way on both houses which they dealt with in their stride and under the original quote. They took the time to show me the issues and describe what they were going to do to correct those issues before starting work - then showed the repairs in stages as they were completed. This was also the case with the quoted roof work and as such I feel so very confident in the work done having been included as part of the build. All Regional Roofing work is guaranteed and the team are on call should you need them in the future. I highly recommend you make them your first port of call if you are considering a new roof or repairs to an existing one! Thanks Guys ;-)... **Customer in Surbiton, 16 February 2012**
