Front gutter replaced

After a couple of other tradesman had unsuccessfully tried to patch up our gutter, John came along and did it perfectly (has already stood up to the rain) thank you **Customer in Richmond, 30 November 2011**

Resolved leaking roof

10 / 10

Perfectly punctual (10 minutes early) smartly turned out and very civil, Mr Liversidge arrived to carry out a free estimate for fixing a leaky main roof. Realised problem immediately and fixed on the spot (clearing out blocked Velux channels). At my request took time to review rest of roof for possible maintenance requirements. Reported and photographed two minor items (no invented work). Suggested they could wait until further major work done to save scaffolding charges. I had to force a small gratuity on him in payment for work actually carried out as he said it was part of free estimate. (Sorry John, I promise not to tell Hannah)

Outstanding. Will definitely adopt as 'preferred roofer' **Customer in London, 22 August 2011**

Gutters cleared, roof checked advice given

10 / 10

I have used Reliable Roofers last year - John came and puzzled out why my flat roof was leaking in 3 different places by a series of "lets see if this fixes the problem" which cost small reasonable amounts and now no more leaks.. total bill was a couple of hundred pounds and NOT the thousands of pounds quoted by 3 other larger roofing companies who basically

just wanted to rip the whole roof off and replace. He came today for routine maintenance and has advised on two small things that need fixing to keep the roof and bays shipshape and watertight and removed a bucket full of muck and grass clumps from the guttering. It is so nice to know you are getting a proper job done for a fair price with no "bull"! Very rare these days. Also Hannah in the office is very helpful and friendly and can recommend lots of other reliable tradesman and I have used some of them too. **Customer in Richmond, 31 January 2011**
