The Ridgway men started work on the date agreed. They were always on time and worked consciously until they were forced to stop because of the rain. The next rainless day they returned to finish the job. I found them very honest and reliable; always with a happy smile and cheerful word. They were very respectful and carried out the work to a very high standard leaving the site in a finished and clean state. I am now the proud owner of a beautifully painted house. I would have no hesitation in recommending Ridgway's for any of the works they specialize in. I have already booked them for inside painting work commencing later this year. **Customer in London, 2 May 2012**
