Excellent work, from first visit for estimate to paying the final invoice. Very approachable company who are very professional. Kept informed throughout, by a very competent and skilled worker. All work was done very efficiently. A couple of things needed correcting but this was done quickly and without fuss. The company is very well organised and the switch from one workman to another was very smooth. They were all very polite and worked very full days. They were recommended to me and I would certainly do the same. **Customer in Worcester Park, 17 September 2011**
