Replace existing boiler with new one

Robin Hill has done a number of jobs for me and I would highly recommend him. His engineers know what they are doing and he is there to back them up. **Customer in London, 25 May 2012**

Replacement of Boiler

10 / 10

I was pleased to find Robin through Checkatrade after the boiler in my sister's flat (who is ill in hospital) broke down and her tenants had no hot water. He visited at short notice to see if it could be repaired. After his visit he gave me the options which were available and I decided to have the boiler replaced (I suspected the boiler was beyond economic repair as a friend of my sister had told me she had been told this before). Within a couple of days Robin and his team had the boiler replaced and the tenants are now happy! **Customer in Reading, 24 May 2012**

Robin was on time, knew what he was doing, charged a fair price, I would recommend him, as I would be pleased to use him again, myself. **Customer in Hatfield, 22 May 2012**

Removed ol boiler and installed combi

Very reliable. The work was for my elderly parent's and my dad is a nightmare worrier who creates problems. Robins team were there for three days, yet after the first day, my dad's worries ceased. The work was done in the time quoted and for the price quoted. When arranging the work to begin, we had to postpone a couple of times because of health issues relating to my parents. Robin was easy to converse with and nothing was a problem. Would definately recommend. **Customer in Carshalton, 21 May 2012**
