Total refit of a kitchen

9.5 / 10

Rick and his team made what could have been a very stressful time almost a pleasure. They were punctual and hard working. Rick kept us fully informed as to the progress and was always willing to discuss any problems that cropped up and offer solutions. We are very pleased with the result and would have no hesitation in recommending them to family and friends. **Customer in Addlestone, 10 April 2012**

Another great job by Rick and his team. Fantastic results above and beyond what we were hoping. Rick advised us on the best solutions throughout and calmly discussed changes and issues we had with the fittings (not Rick's fault). Very happy customers. Would highly recommend him. **Customer in Woking, 16 March 2012**

Preparation for Kitchen Install

10 / 10

I have nothing but good things to say about Rick and his team. They were punctual, thorough in their approach to the work and professional throughout. The initial work was to remove an old kitchen in preparation for the installation of a new one, but Rick was able to sort out a number of electrical issues uncovered as the kitchen was installed, often working late into the evening to get the job done. I would have no hesitation in recommending Rick to anyone I know and he will be the first person I will be calling in regard to any work we need to be done in the future. **Customer in Walton-on-thames, 29 September 2011**
