#### Replaced garden fence and decking

Brett was extremely professional from the initial visit to give me a quote for the job to the very end. He did a great job with high quality workmanship and cleared up well afterwards. I'd be very happy to recommend him to others. **Customer in Salisbury, 26 March 2012**

#### New fence to one side of our garden

10 / 10

I was out at work when RTS fencing came and was unsure whether they would have gone ahead as the weather was bad. I came home from work to find a fantastic job had been done but was doubly impressed at how clean and tidy my garden had been left! All paths had been swept and all rubbish cleared. I would recommend RTS to anyone. **Customer in Southampton, 24 January 2012**

#### Replaced storm damaged fence

10 / 10

I got Brett's details from Checkatrade, I normally prefer personal recommendation but our local man had retired. He was excellent throughout the whole process. Oddly, he didn't even mention Checkatrade so that might be why he doesn't have many reviews here. Brett was busy due to the storm which had blown many fences down, but squeezed me in on a Saturday as my fence was on a road and I was worried it would fall on people walking past or a car. I thought his price was very fair for the job. The work was carried out to the highest standards, all mess was cleared up, my garden wasn't damaged, and the attitude of Brett and his mate was great, very friendly guys. If anyone asks me if I know a fence guy, I will be giving them Brett's number. **Customer in Southampton, 14 January 2012**

Quick response to give an estimate. Time and good advice given on options for repairing or replacing my garden fence. Clear quotes for the various options with phone calls to keep me informed of when the work would be undertaken. Punctual arrival on the day arranged and work was completed quickly and tidily. A wonderful job completed to a high standard with absolutely no hassle. I thoroughly recommend RTS fencing. **Customer in Southampton, 12 January 2012**
