Most Recent Customer Feedback

Replaced a flat roof and cracked flashing

10 / 10

The work had to be postponed twice because of the weather but we were kept informed every step of way. Arrived promptly, worked very efficiently without any delays. Tidied up after the work was finished and we were very satisfied with his work from start to finish and have already recommended him to a friend. We have also asked him to quote for some further work on our home. **Customer in London, 5 May 2012**

1) Dismantling shower cubicle, replastering and retiling shower wall and reassembling same 2) Lead flashing into outside wall where flat roof joins wall 3) Temporary plumbing fix to avoid house flood 10 / 10

Highly recommended builder who arrived to estimate works within 1 hour of my initial phone call. Agreed a timeframe for commencement of work immediately. Kept to agreed schedule and arrived promptly everyday. Courteous, polite, thorough and very knowledgeable - immediately identified the cause of a serious issue which inevitably halted a major house flood. Effected a temporary fix with thought and care and without the need to damage any other areas of the house even though there was the need to dismantle part of my kitchen. Works speedily, methodically and his work is of a high standard. Keeps the customer involved in progress of work and nothing is too much for him (he even fixed my porch door without me asking). Great guy and hope to use him imminently subject to insurance company. Have no hesitation in recommending. **Customer in Harrow, 12 March 2012**

New boiler, new bathroom, new cloakroom, fuse board and replacement.

10 / 10

Professional and reliable company, very tidy and good workmanship. I would recommend this company. **Customer in Walton-On-Thames, 21 September 2011**

Fit new kitchen and bathroom (inc electrics and plumbing)

9.3 / 10

Very pleased with Simon's work. Particularly pleased that he just did what needed to be done, without fuss, so that the job was finished to a high standard. I was away whilst most of the work was being done, and expected to have to answer questions and deal with problems whilst I was away, but Simon took care of everything and there were no issues to deal with. **Customer in Pinner, 11 July 2011**

Complete 3 bedroom house renovation for rental

9.8 / 10

Having visited a property that SA Services had recently renovated, I was more than happy with the quality of the work to use their services. A quote was given by SA Services for the initial work requested and his team moved in quickly once we had agreed the quote. At all stages of the renovation I was kept fully informed of any issues that cropped up and a revised estimate given for approval before any further work was carried out. One particularly good technique was their use of phone picture messaging to allow me to assess issues without having to visit the property. On a number of occasions, an alternative method of solving issues was suggested which saved me time and money. SA Services were able to provide a complete one stop shop service and took care of all of the coordination and project management of builders, electricians, plumbers, gas fitters and all of the waste disposal which made the job go very smoothly. I would recommend their services and quality and plan on using them again for any future issues with the property. **Customer in Hampton, 1 June 2011**
