Most Recent Customer Feedback

New boiler installed. 10 / 10
 Fitted new boiler, very fast turn around. Very impressed. **Customer in Brighton, 5 May 2012**

Fixed hot water and water pressure in property 10 / 10
 I am incredibly grateful to Mark for the excellent, efficient service he and his apprentice provided. At 9 months pregnant with no hot water, I was feeling desperate to say the least but he managed to fix the problem swiftly and diligently. He even asked one of his associates in the field to come and check the water mains pressure when the water board refused to come out to check it. Mark was also helpful when it came to dealing with the company who installed the plumbing in the first place, who were also unwilling to come back to check the problems, conversing with them on potential solutions. HIGHLY recommended, I would certainly call on them again. **Customer in Brighton, 4 May 2012**

Excellent - new boiler. 10 / 10
 Very impressed with the team and the way they they have carried out the work. Ten out of ten. Fully recommended. **Customer in Worthing, 23 April 2012**

Made safe a gas leak, installed new gas supply to cooker - emergency work 10 / 10
 We discovered a gas leak in our flat, and had to shut off the gas until it was made safe. Safe Gas answered the phone straight away, and an engineer was with me in an hour - he suggested a simple, safe remedy and had the work finished (and the heating back on) within three hours of arriving. I will definitely be calling them again if I need any plumbing work in the future! **Customer in Brighton, 9 February 2012**

Supplying and fitting new boiler 10 / 10

These guys were efficient and skilful, as well as being considerate and extremely personable. I doubt whether there can be any better installers in East Sussex. Highly recommended. **Customer in Hove, 9 February 2012**
