Survey to check for damp problem

10 / 10

Surveyor turned up at correct time and after completing several checks, established there were no damp problems, only condensation due to humidity and lack of extractor fans. Proves they are honest, reliable and don't invent problems to get work. I would recommend Shaw preservations Ltd to anyone who thinks they have damp problems as this company won't rip you off. **Customer in Epsom, 16 April 2012**
