Most Recent Customer Feedback

Knocking through separate bathroom and WC and complete refurbish. 9.8 / 10
Made an excellent job of the refurbish and superb attention to detail. **Customer in Lancing, 19 April 2012**

Installed new wet room. 10 / 10
I engaged Corin to carry out this work as a present to my uncle from me. As I live in Farnham surrey and the work was in Worthing, it was important to have good communication. I have to say that Corin kept me informed on progress and attended to all our requests. I visited during the course of the works and was very pleased with progress. The work was carried out very professionally and we are delighted with the finished result. If you require someone who absolutely knows what they are about, Corin and his team are your men. I have absolutely no hesitation in recommending him. Thank you Corin, we will be in touch in the future. **Customer in Farnham, 23 December 2011**

Bathroom refit. 9.3 / 10
Removed bath and installed shower unit with total suite and tidily, very nice job. I would recommend this company. **Customer in Lancing, 12 November 2011**

Bathroom re-fit 10 / 10
We were very pleased with the quality of the workmanship. Without exception all the workmen arrived when they said they would, did an excellent job and left everything tidy when they finished for the day. The fittings supplied are all of a good quality and value for money. We would no hesitate to recommend Splash. **Customer in Worthing, 9 November 2011**

Construction of downstairs toilet and kitchen modifications 10 / 10

Back in August Corin Bashford and his team had replaced our upstairs bathroom, integrating the space of a formerly separate toilet and airing cupboard to make a larger single bathroom. This freed up enough space to enable us to then have a separate shower cubicle in addition to the bath. We were so pleased with the work they carried out then that we had no hesitation in having him undertake constructing a downstairs toilet with kitchen modifications which were carried out to the same high standards. **Customer in Worthing, 3 October 2011**
