2 x block paved driveways and path at side of house

10 / 10

Cant knock Scott and the team, very polite and extremely professional. Driveways have only just been laid so time will be the ultimate test of his work but I really can't knock the end result or the way in which they went around their work. My neighbour is already lining up Scott after seeing the work he did for me (although my cry of "Scott's a cowboy" through the garden hedge may have altered their minds). Seriously, he's not a cowboy and if you need a driveway done don't think twice bout using these guys. I think the bacon sandwiches one morning may have helped as well! :-)

Final thoughts, can you imagine any other tradesman washing a neighbours car which got covered in dust as a result of the paving being cut and then not mentioning it to you as it's all in a days work? No, me neither. Good work Scott!

Build small garden wall and lay new garden path

10 / 10

The work undertaken was done to an exceptional level of craftsmanship. We are very happy indeed with the outcome and would highly recommend them to anyone. Scott and his team always arrived as promised each morning at 7.45 and left each night with all areas left clean and tidy. They are all extremely polite and easy to deal with. We would certainly use Scott and his team again. **Customer in Godalming, 20 February 2012**

Relaid patio. And rebuilt garden wall

10 / 10

Scott and his team turned up promptly each morning and worked hard throughout the day. They were always cheerful, in spite of the heavy work and the cold temperatures. The work done was of an exceptionally high standard, in both design and implementation. I would have no hesitation in recommending Scott and his team for their hard work, tidiness and total professionalism. **Customer in Bordon, 6 February 2012**

Block paving to side of house

10 / 10

Scott and his team arrived promptly, worked very hard and efficiently and were finished by the time I got home from work. They did an extremely good and thorough job and my husband and I are very pleased with the work carried out. We would highly recommend them to anyone. Scott is very thorough with his estimate and explanation of work needed to be carried out and very fair with his pricing. Reliability, honesty and fair pricing is very important to us and Scott delivers on all these levels. **Customer in Hook, 11 November 2011**

Large natural stone patios

10 / 10

Nothing seemed to be too much trouble with friendly and efficient team of three. Finish very good and as promised. Excellent advice given at the outset regarding stone selection and details of installation. A prompt quotation received. Agreed after detailed discussion regarding scope and cost. Some minor additional work done free of charge, small charge for more extensive alteration to brick driveway extension. Very conscientious, even returning to deal with a small worry (unfounded) that I had, demonstrating its resolution. **Customer in Fleet, 9 November 2011**
