Fixing a oil fired boiler

Even though I rang on a Sunday morning an engineer was with me with half an hour. The work was carried out efficiently and the engineer was polite and friendly - given it was Sunday morning. **Customer in Pulborough, 19 February 2012**

Replaced a broken down boiler and got the heating system working properly

10 / 10

Answered an emergency (boiler broken down no heat or hot water) exceptionally quickly - gave accurate advice and then went on to replace the boiler and fine tune the heating system so that for the first time ever all radiators in the house worked. Can't recommend them highly enough. Very fair pricing. Thank you John and Matthew. A very professional, quick and fair service. **Customer in Pulborough, 15 December 2011**
