### Most Recent Customer Feedback

#### New roof Fascia Soffit and Guttering

10 / 10

Excellent. Kind, friendly and tidy work force. I would recommend. Many thanks **Customer in Bexleyheath, 4 April 2012**

#### Two lots of work. Shiplap cladding and flat roof replacement.

10 / 10

We have used supreme roofing 3 times in the last few years. They have always done an excellent job for us. In fact we had to call them out urgently when our roof leaked after severe weather and they arrived the next morning and did a temporary fix and took photos for us to show insurance. Then they came back when we asked them to and replaced our roof. The workmen are top notch. They always arrive on time and always leave the house neat and tidy. We had a large amount of ship lap cladding done and once again they arrived promptly and did the work when we asked for it. I am wholeheartedly able to recommend supreme roofing

The estimates are correct and kept to and if further work or problems arise they always phone or text me **Customer in Bromley, 26 March 2012**

#### Replacement of my and a neighbours garage felt roof

10 / 10

I have used Supreme O Roofing now for all of my dormer flat roofs and an extension flat roof over the last three years and have always been more than satisfied with the quality of the work and cost. I recommended them to my neighbours for them to have their garage roofs done and also asked them to replace the felt of my garage and my adjoining neighbours. As per previous work this was carried out on time and within budget with the guys doing an excellent job as well as clearing up after this was finished. **Customer in Gravesend, 20 March 2012**

#### Replace slate roof, fascias and gutters. Replace tiled roof over entrance

Second time I am using supremeO and second time I am recommending them. Once on sight, very fast (done in 3 days) great neat work and care taken to clean up after, even sweeping the pavement. Highly recommend. All done within budget. **Customer in London, 18 January 2012**

**New soffits, fascia and gutters**
