Most Recent Customer Feedback

Roof tiles removed. Liner put on roof and battens and retiled with original tiles 9.8 / 10
The roofers arrived on time every day and did a good days work. Very pleased with workmanship **Customer in Horsham, 10 April 2012**

Bathroom refurbishment, inc new walls and installation of elec shower 10 / 10
Martin is competent and works to a very good standard. He is adaptable in that he was not only happy to fit the bathroom fixtures we'd bought, but extra items that we'd forgotten to mention. He also was able to order and obtain a shower screen for us which was a higher quality than in the usual stores. He and his team are pleasant, polite and tidy. We are pleased and relieved that at last we have found a firm of Builders who we would be happy to use again. **Customer in Horsham, 15 March 2012**

Fenced paddock and restored old barn 9.5 / 10
High quality of workmanship and always a pleasure to do business with. Martin and his team have carried out work on all my properties and land and I always recommend him to others. **Customer in Dorking, 29 February 2012**

Refurbishment of office building 10 / 10
Martin and his team undertook the refurbishment of our new office building in Horsham, which included roof repairs, plastering, redecoration and minor building repairs. All work was carried out to a high standard and we are all delighted with the end result, all completed in time for our scheduled office relocation. Martin has proved to be very adaptable, carrying out extra works swiftly and with ease. I would highly recommend Martin and his team, and would not hesitate to choose Sussex County Builders in the future. **Customer in Horsham, 6 January 2012**

Loft conversion 9 / 10

Martin initially quoted for the work in March 2011 and it started in July. The costs were maintained, other than additional work that was agreed. Martin suggested some improvements to the original design in terms of layout of the staircase landing and bathroom units, which made better use of the available space. During the works Martin was receptive to feedback and made some small changes and listened to what I had to say. He explained what was happening so I understood how the work was progressing. Any specialist trades that came to site were very skilled in their area and did a quality job. Overall, the job went very well and what could have been a stressful time was made much easier by Martin's approach. I'd use Sussex County Builders again. **Customer in Redhill, 22 November 2011**
