Moved garden furniture and plants to new address and house contents to rented property. 10 / 10
Fantastic friendly, polite, punctual and very hard working, what more could you ask for. **Customer in Dorking, 5 December 2011**

Packed up 1 property, moved it in to storage for a while and then delivered it all to the new property 10 / 10

Really great - had contacted them from a recommendation from a friend who used them a month or so before. They packed up the old property quickly and safely and took it all off to storage for a while. Then delivered it all to the new place! Really friendly, helpful and reliable. They were careful with all of our stuff and were nice to have around. The old property was in the basement and parking wasn't directly outside but they organised themselves and all was well. Nice people and v friendly. Would use them again (although hopefully we won't be moving again for a while yet)! **Customer in Hove, 5 December 2011**

Removal of sofa and other small furniture items 10 / 10
Very friendly. Helpful pair of guys. Very reasonable. Fitted me in at very short notice. **Customer in Hove, 24 November 2011**

Removal from a detached three bed house in Littlehampton, West Sussex to a three bed bu ngalow in Ballygally, Northern Ireland 9 / 10
Although late in arriving to vacate in Littlehampton, the three worked very hard to load the van and vacate the property by noon as arranged with the estate agents. This was somewhat stressful as I also had to get to the airport to fly to Northern Ireland that

afternoon. The move into Ballygally was very efficient, two men had taken the overnight ferry and were at the bungalow by 8:00 a.M. The preparation for the move was made very easy as boxes had been delivered in good time to allow for packing. I would have no reservations about recommending the service, particularly as they were so much cheaper than other quotes, **Customer in Larne, 23 November 2011**

House Move

9.5 / 10

Fraser who we dealt with was really polite and always promptly returned calls and emails. We did go for other competitive quotes but Sussex Removals were not only the most competitive but the most on the ball as well. On the day the move was hard work and the guys did an amazing job getting all our stuff in. What really impressed me however was although there was some minor damage - not really anyone's fault it was just so hectic on the day, without hesitation Fraser sorted it all out. Would highly recommend. **Customer in Haywards Heath, 21 November 2011**
