Handmade wardrobes made out of MDF

10 / 10

We were looking at getting a fitted wardrobe for our son's room and decided to get a quote from Tom after he was recommended to us. We were not looking at spending a lot of money, and Tom suggested making a wardrobe from MDF which at first we were not sure about. Tom measured up and asked what layout we were looking for and came back with a quote which was very competitive. We instructed Tom to do the work but was still apprehensive about what the end result was going to be due to having bad experiences with tradesman in the past. The wardrobe was exactly what we needed and we were very impressed at his attention to detail and the end result using MDF. He was also very very tidy, using dust sheets throughout and cleared up after he finished. We would highly recommend Tom and would not hesitate to recommend him to family and friends with the confidence that they would be as happy as we are with his work. **Customer in Fareham, 4 April 2012**
