Complete kitchen redesign, refit and install

10 / 10

Rob is the most professional tradesman I've worked with in the past 2 decades. His work is superb. He constantly suggests amazing design ideas, helping us to achieve the kitchen we've always hoped for. He is professional, respectful yet assertive, skilled and with an excellent attention to detail. He has an old fashioned approach to customer service which is refreshing to find again. My husband and I have no hesitation in recommending Rob. **Customer in Tunbridge Wells, 12 December 2011**

This is the second job we've had done by Rob and, as before, we're very pleased with the results. We'd have no hesitation in recommending Rob; he's a true craftsman! **Customer in Crowborough, 4 October 2011**

New "in frame" wood painted period kitchen

10 / 10

A first rate craftsmen with attention to detail, a positive proactive attitude and creative approach. Not 'a run of the mill' tradesman that throws in a kitchen with minimum attention. We needed a real pro because we chose a kitchen that needed real skill to install. We are very happy with our choice and would recommend Rob, mainly because he has skills beyond the basics due to his background. **Customer in Horley, 26 July 2011**
