Most Recent Customer Feedback

Fitted new amplifier box

9 / 10

He put right what had been installed badly, he was straight forward and gave good advice, all round very pleased.
Customer in Shoreham, 7 February 2012

Install free sat system.

10 / 10

Carl kept me informed on what time he was coming and did a great job and cleaned up too. I would recommend this company. **Customer in Worthing, 2 February 2012**

Dealing with faulty aerial connections in house and on roof.

10 / 10

Excellent personal and professional service good communication and thorough. I would recommend this company without hesitation. **Customer in Brighton, 1 February 2012**

Satellite service call.

10 / 10

Excellent service as always. I would recommend this company. **Customer in Brighton, 31 January 2012**

Fixed satellite dish and set up box to ensure working

10 / 10

Phoned to let me know he was going to be a bit late, which is great. Tidied up well after work done. Let next client know he was running late and even though job was more tricky than expected, given need to drill a hole in furniture for a plug to go through and then box needed to update software which took 10 minutes - he wanted to stay to the end to ensure it was all working. Then refused an additional payment I'd offered given it was trickier than expected. Overall, very friendly, courteous, tidy, thorough and even ran the wires outside the house down the drainpipe so they don't show. Excellent and would recommend to others. **Customer in Brighton, 31 January 2012**
