#### Security poles, block paving and speed humps

10 / 10

Mr Thorpe has done a little work for us last year, so when we needed more work done, we thought of them straight away. They were good, clean, quality and quick. They worked around the special requirements that we insisted on. A really great company to have work for us and their work is a credit to them. **Customer in Brighton, 1 October 2011**

#### New drive, patio, walls, Landscaping.

10 / 10

We were very impressed by Kevin and his team. Our front garden was a wreck it needed a new driveway paths drain repairs and walls built and a new patio. Kevin's team grafted from day 1 arriving every day at 8.00 and finishing at 5.00. The quality of the workmanship and the attitude of the tradesmen was second to none. On one of the days it was tipping it down the guys still arrived but could not do anything. Kevin rung me and said he was sorry but would catch up the next

day. True to his word the next day we had two more guys on the job and Kevin also on the tools the front of the house was heaving with activity. Value for money and 10 out of 10 we are so happy with this company they ticked all the boxes.
