Most Recent Customer Feedback

Complete refit of Kitchen 9.5 / 10

Really pleased with the work done. Never had a moments worry leaving TMD in the house. They went beyond their remit and always checked continually if we were happy with work. **Customer in Oxted, 1 November 2011**

Resite and refit bathroom 10 / 10

I am extremely happy with the work carried out and the team were considerate throughout, which made for a stress free project. At no point was I without a working bathroom despite the fact that the old bathroom was demolished and moved to a different location. **Customer in Caterham, 13 May 2011**

Single storey extension 10 / 10

I have nothing but praise for this firm. They were always punctual and took care to tidy up each day. I was always consulted and kept informed of the progress of the work. The new extension has been finished exactly as I hoped and I have no hesitation in recommending TMD. **Customer in Caterham, 13 May 2011**

Repair brickwork and tiles on listed building 10 / 10

They managed to source the original bricks and tiles, and have matched them up perfectly. Work was complete on the same morning! **Customer in Redhill, 28 April 2011**

Single storey extension with additional roof work; kitchen fitting; utility room 10 / 10

Ollie and his team were fantastic. Not only was the quote lower than other builders who tendered, the quality of the work was high and it really did feel that no corners were cut. Ollie is the tidiest and friendliest builder I've ever met - I know that may not be saying much, but with two small children, that really mattered. Without us asking, he put up security fences to stop them wandering into the building site; hired a portaloo so the builders weren't trekking through the house and set up his own tea point in the garage (though not adverse to having a cuppa from us particularly through the snow months!). Ollie couldn't do enough to make this build as smooth as possible - he even came out at the weekend, with the 'flu when one of our pipes burst in the freezing temperatures. I would be very, very happy to recommend Ollie and his team to anyone for a build. **Customer in Oxted, 2 April 2011**
