New driveway

10 / 10

Mani and his team quoted to lay our new brick paved drive and the work was carried out this week. We are thrilled with the end result and cannot praise Top Spec enough, the guys were very helpful and courteous and really went the extra mile resulting in a first class job that's transferred the look of our property! Would recommend them to anybody

Replacement and widening of concrete drive with block paving

9.8 / 10

Manny and his team at Top Spec have done a fantastic job of our driveway, working in the difficult cold conditions leading up to Christmas. The job involved removal of an ugly 70s concrete driveway that was too steep for me drive down it into our garage. This was all levelled off and then replaced by a wider, flatter block paved driveway with parking for two cars and a much neater drainage solution using ACOs. We were given complete choice on colour, as well as

good advice on borders and patterns. They also ensured that the driveway slope was levelled sufficiently such that I can now easily get the car in the garage. Progress was swift, yet throughout the works the site was kept neat and tidy and all debris was removed from site promptly. I am really impressed with the driveway and it has really helped smarten up the front of our house. As a result I would happily recommend Top Spec Paving to anybody planning on replacing their driveway. **Customer in Guildford, 11 January 2011**
