Most Recent Customer Feedback

Soil pipe removed from bathroom and kitchen and fitted to outside wall. This necessitated refurbishment of the 2 rooms. Also had cloakroom suite replaced, plus solid wood oak flooring laid and an elaborate artex ceiling plasterboarded. Skimmed and whole room redecorated. 10 / 10

Simon and his team are all very competent men and a pleasure to have around. They work hard, have good camaraderie and were really obliging, always seeking to work around us and our requirements. Their legacy, a home which we can enjoy and feel proud of. **Customer in Epsom, 30 April 2012**

House alteration and cloakroom refurbishment 10 / 10

Simon Fox and his team are an outstanding Building company. They are very professional, deliver work on time and within budget, plus they are also very nice and friendly people. We have no hesitation in recommending Total Contracts for all building work - they are simply the best. Patrick and Christine Hogarty

Loft extension 10 / 10

Cannot recommend Simon and his team highly enough. Came up with ideas which architects hadn't which maximised space. Every member of the team were beyond helpful and considerate to us as a family with young children and a newborn. Huge attention to detail and very high quality finish throughout. We are delighted with the work. Simon is an absolute credit to his profession. **Customer in London, 12 January 2012**

Complete renovation of house rewired new central heating and fitted bathroom and kitchen.

10 / 10

Simon has recommended to me and I found him and his team extremely efficient, helpful and tidy. The standard of work is excellent and we have already booked him for our forthcoming extension this year. **Customer in Epsom, 4 January 2012**

Complete internal refurb of a 1930's semi

10 / 10

We asked four different builders to quote for the work. Simon seemed to be the most in-tune with what we wanted. We visited several of the sites he was working on at the time and were very impressed with the quality of work and the calibre of workmen he was employing. Work started in Feb 2011 and took approx 12 weeks during which time they completely gutted the house. We had a new kitchen and bathroom installed, complete electrical re-wire, and the whole house was decorated including the laying of engineered wood flooring to the downstairs. I work in the interior design industry and have seen many building sites in my time. I have also seen properties finished to a varying degree of standards. The work that Simon and his team carried out was exemplary. Our particular pride and joy is the bathroom which we were very concerned about. We had spent a lot of money on top-end fixtures and fittings and were nervous about not using the specialist installers recommended by the bathroom company. The finish is stunning. Every detail was talked through with us BEFORE anything was done and they suggested solutions to a couple of really difficult problems which we just wouldn't have thought of ourselves. The whole team care about the finish of the job and are a delight to work with. Simon gives regular updates by email and via on-site meetings and is always available to talk through any concerns. We would not hesitate in recommending Total Contracts. **Customer in Epsom, 8 November 2011**
