Wooden floors in large house

10 / 10

Steve has sanded, repaired and treated all the wooden floors in this large house. He was punctual. He planned the work with utmost efficiency and told us in which part of the house he'd be working and when and he always cleaned up after every day. He is unfailingly polite and delivered a transformational job - the house use looks superb. We recommend him without reservation. **Customer in Esher, 4 February 2012**

Various sanding/buffing and 3 coats of varnish to kitchen, breakfast room and hall floor

10 / 10

Steve is a charming, courteous guy who obviously takes great pride in his work and pays great attention to every detail. Delighted with the results. Our wooden floor looks like new! Thoroughly recommend Touchwood Floors. **Customer in Purley, 4 January 2012**

Dining room and halls, stripped, sanded and re-finished

10 / 10

The work was completed to a very high standard. The tradesman was punctual, polite and tidy. **Customer in Purley, 24 November 2011**

Parquet floors sanded and varnished

10 / 10

Parquet floors sanded and varnished (two-thirds of the floor had been varnished by previous occupants, one-third had been covered with carpet un-varnished). The floors are now all the same colour (previously two different varnishes seemed to have been used), even and look beautiful. The work was done to quote (both timing and cost). Who could ask for more? **Customer in Redhill, 19 September 2011**

Floor repaired, filled, sanded and varnished.

10 / 10

Extremely happy. The floor, which was showing bad signs of wear and tear is transformed would happily recommend.
Customer in London, 2 September 2011
