Retile pitched roof and replace felt

9.8 / 10

Tradecall re-tiled the pitched roof on the house and replaced the flat roof. This work included removing a chimney, reinforcing and then treating the roof timbers and replacing soffits etc. They completed the work to a very high professional standard, including their use of materials. The job was competitively priced. The team were cheerful courteous and helpful, even including their choice of scaffolder. I am a perfectionist by nature and am very happy to recommend this company. **Customer in Windlesham, 8 November 2011**

I needed a new roof for my garage.

10 / 10

Really impressed with the standard of work done, they came when they said they would, worked well together as a "team" and work was done very quickly and efficiently (and all tidied up after).. nice to have tradesmen who do what they say they will, have had a couple of bad experiences with other tradesmen.... would definitely recommend Tradecall Roofing. **Customer in Camberley, 20 September 2011**
