Added a link from loft aerial to my bedroom. 10 / 10
 I'd had to move my dressing table before the work was done and have the loft ladder ready. The appointment was between 9am and 10am. The man arrived at 9 and when the work was completed he moved the dressing table back, resited the television and put the loft ladder back. I'd made a cheque out for the estimated price and when he gave me the bill, it was £10.00 less! I would thoroughly recommend this company. Very tidy too. **Customer in Chertsey, 21 April 2012**

 Can highly recommend UK. Aerials. David is very knowledgeable of his profession. His advice resulted in a first class installation
 Which was carried out in a methodical and tidy manner. **Customer in Staines, 16 April 2012**

Re wired existing aerial system to allow for digital signal 10 / 10
 David was on time, courteous and very professional. Went out of his way to give us the best system available using existing aerial points where possible. We were kept informed of the work being carried out all the way through. A very tidy job and we would certainly use UK Aerials again. **Customer in Weybridge, 11 April 2012**
