Boiler and central heating service

10 / 10

Just the best service I've ever had on my central heating system! Everything was checked and adjusted and I was left feeling that my system was safe and in good working order with good and impartial advice given where needed. Used monitoring gadgets for Carbon monoxide and air flow that I've NEVER seen used with British Gas. Faultless customer service - HIGHLY RECOMMENDED! **Customer in Wallington, 21 February 2011**
