Most Recent Customer Feedback

Front garden bespoke railings and gate

10 / 10

Very pleased with the new railings and gate. Would definitely recommend Peter and his team, who were helpful and professional. **Customer in Twickenham, 24 January 2012**

5 Metre run of railings with spear heads

10 / 10

We saw some railings locally that we liked and knocked on the door to ask who made them, the owner said Urban Iron had done them and they said they were very pleased with the railings and with the company themselves, so they recommended them to us. We then called Urban Iron and Peter came round and gave us a quote which we were pleased with. We too have been very very happy with the service. The company gave us lots of choices on spear heads and end caps. They were professional and had a pleasant manner. The workmanship was accurate and fitting was faultless. The end result looks very good. We'd recommend them and would definitely use them again. Thanks **Customer in Teddington, 21 December 2011**

Designed brick wall and made and installed iron railings and gate

10 / 10

Mr Coughlan was incredibly helpful in incorporating our ideas for the railings and came up with great ways of overcoming the difficulties we faced with building a brick wall over a very uneven and sloping path. He was punctual, did not overcharge and finished the job to the highest standard of workmanship, bearing in mind what perfectionists we are! We can highly recommend him. **Customer in Teddington, 20 December 2011**

New Gate and Railings

10 / 10

Our new gate and railings have been much admired by friends and family. I would have no hesitation in passing on Peters details to anyone who asks. Beautiful craftsmanship. **Customer in Teddington, 16 December 2011**

Make and install new iron railings, gate and handrail

10 / 10

We are very pleased with the design and manufacture of our railings, gate and handrail. The quality is excellent and has really finished off our front garden perfectly. **Customer in London, 15 December 2011**
