### Most Recent Customer Feedback

#### Radiator and towel rail fitted 10 / 10

We've used Mark on a number of jobs and would recommend him to anyone - he's very professional, clean, fast and reliable. Really excellent job! **Customer in Brighton, 18 May 2012**

#### New siphon fitted in toilet 10 / 10

Gave quote over phone and told me roughly how long it would take. Turned up on time and said he may not have to replace the whole siphon, just the diaphragm and that it would be cheaper. I decided to go for the whole new siphon. It cost exactly as much as quoted and took exactly as long as he said and it was a very clean job. In summary a great, honest, polite and tidy plumber. Very much recommended **Customer in Brighton, 18 May 2012**

#### Obtain, change and fit wall mounted kitchen taps 10 / 10

Mark purchased taps which I had been unable to obtain in the usual DIY/plumbing stores, due to them being old wall mounted kitchen taps. He fitted them too. All very reasonably priced, quick and everything is working extremely well. Very happy with work. We have used Mark previously and would definitely use him again. **Customer in Brighton, 17 May 2012**

#### Fixed My Toilet 10 / 10

- Professional
- Organised
- Good time management

Very pleased with his work, the toilet is working better then ever. He done a fantastic job... **Customer in Brighton, 15 May 2012**

**Replace broken toilet**

9.5 / 10

Punctual, courteous and work completed to a high standard. Even when I needed to call Mark back to fix a minor problem with the cistern under-filling and a very slight leak on the water cut-off valve, he had no hesitation in returning to immediately rectify and remedy the situation. No complaints and no additional charge. Would have no hesitation in recommending him. **Customer in Hove, 16 April 2012**
